Letter From the Executive Director

“The way to get things done is not to mind who gets the credit for doing them”

Benjamin Jowett

The above quote speaks directly to what teamwork is all about and teamwork is one of the many important attributes of your **Stoughton Chamber of Commerce**. Maintaining focus on the overall goal, which is to encourage a healthy and successful business environment in and around the **Town of Stoughton**. It is the advocacy of Stoughton businesses & business owners that is most important, not who gets the credit. The chamber not only helps to promote our members, it also represents the entire membership on matters of local & political importance.

THE SCC IS YOUR BUSINESS & COMMUNITY CONNECTION

The pieces that shape a viable and successful community include the residence, their government, the schools and the local businesses. The **SCC** plays an important role through its representation of the business community, which helps to preserve the overall community's interests and needs. As an advocacy for the business community, the **SCC** promotes wellness of the entire community through charitable donations, fundraising and scholarship programs for our graduating students.

WHAT HAS THE CHAMBER DONE LATELY?

Some of the functions and charitable events that the **SCC** has been involved with include:

- **Regular Meetings & Seminars**
- **Support for Non-Profit Organizations**
- **Support for our schools**
- **Support our Stoughton Food Pantries**
 - **Project AIM EduTrips**
- **Formal Networking**
- **Work with the Stoughton Youth Commission to support our youths**
- **THE STOUGHTON CHAMBER PREFERRED CUSTOMER CARD PROGRAM**

SOME OF THE BENEFITS OF BEING A MEMBER OF THE SCC

- ☞ **The benefit of being informed** on items and issues in and around our town that relate to business, are relevant to the chamber or could impact our members.
- ☞ **The benefit of the strength in numbers** through working together towards a common goal of business advocacy.
- ☞ **The benefit of networking with other members** to build strong business relationships while learning from and about other member businesses.
- ☞ **The benefit of our affiliations** with other organizations such as the *Neponset Valley Chamber of Commerce (NVCC)*, which affords our members *a louder voice on issues of regional importance* as well as providing for shared benefits with a much larger, regional chamber.
- ☞ **The benefit of membership** in a progressive organization that offers important member benefits such as better rates on insurance needs, better prices for various products and services and the benefit of *member-to-member discounts*.

Thank you,

Terry Schneider
Executive Director

Your Business & Community Connection
